NEED FOR SPEED™ UNDERGROUND 2

EVERYONE

CONTENT RATED BY ESRB

WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game—dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions—IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

HANDLING YOUR PLAYSTATION 2 FORMAT DISC:

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it, or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

This product has been rated by the Entertainment Software Rating Board. For information about the ESRB rating, or to comment about the appropriateness of the rating, please visit www.esrb.org.

INTRODUCTION

Welcome to Bayview, your destination in *Need for Speed Underground 2*. In Bayview, the underground is thriving. With over 125 miles of open road to drive, feast on an almost limitless array of choices. Cruise the freeways for races, comb city streets for secret hotspots, or get outfitted with the latest gear at one of Bayview's numerous shops. Customize your car with hundreds of accessories and aftermarket parts, including brand-new options like spinners and audio upgrades. Once your ride is up to speed, take it to the streets in one of the all-new racing modes like Street X and Downhill Drift. Think you've got what it takes to make it in the underground? Here's your chance to prove it.

SETTING UP THE GAME

Get into the underground.

CUSTOMIZE YOUR RIDE

Competing in the underground requires an eye-catching combination of speed and beauty. Choose from hundreds of available performance parts and visual customization modifications available in *Need for Speed Underground 2* to make your ride look good over and under the hood.

SELECT A CAR

Your ride makes or breaks your reputation in the underground. Looks are important, but no one pays attention to a car that's running dead last.

MAKE AND MODEL

Browse the available cars, but don't think of them as finished products. With a few wins under your belt you'll be customizing these basic vehicles into exquisite street machines that car dealers will barely recognize.

➟ When picking a car check out the Acceleration, Top Speed, and Handling ratings at the bottom of the screen. Performance modifications can improve these characteristics later, but you'll need to win some races with your stock vehicle in order to fund any serious work under the hood.

CUSTOMIZING

New cars are nice in the showroom, but there's plenty of room for improvement once they hit the streets. Make your car your own through a thorough customization process. A vast array of modifications are available for your ride—if you've got the bank, that is.

➟ To begin customizing your vehicle, select CUSTOMIZE in the Main menu.

➟ To switch cars, press the D-button ↔.

➟ To toggle between stock cars and the cars you own, press the L1 button or the R1 button.

VISUAL STAR RATING

You can contribute to your car's visual star rating by looking smooth and upgrading your performance. As you modify your car, your star value increases. The star value contributes to your progression through the game by rewarding you with DVD covers and money.

➟ The maximum number of stars you can earn is ten.

VISUAL MODS

Style is in the details, so *Need for Speed Underground 2* leaves the details up to you. Choose from dozens of styles of hoods, rims, body kits, exhaust tips, spoilers, side mirrors, and more. Transform your car's surfaces with pearlescent, gloss or metallic paint, vinyl graphics, positional decals, window tints, and neon. There's also a car specialty shop that allows you to install hydraulics, add some scissor doors or spinners, and put in some trunk audio.

VINYLS

Vinyls are distinctive graphics that stick to your car's bodywork. They can be placed in up to four layers, allowing you to stack graphics for a collage effect. Each vinyl's color can also be customized, to further individualize your car's look.

➟ To stack vinyls, place the first vinyl on the bottom layer and then select a different layer for the next vinyl. The new vinyl is placed on top while leaving the first one undisturbed. You also have the ability to reorder the layers to get the perfect look.

PERFORMANCE MODS

Let's face it, the automotive engineers who designed these cars never thought they could go this fast. Today's tuner culture hungers for speed, so they've enhanced every aspect of automotive performance hundreds of aftermarket parts. *Need for Speed Underground 2* offers hundreds of modifications, from weight reduction to nitrous oxide, suspension kits to ECU fuel systems. Add all of this available power to your car and just keeping it under control could be a challenge.

HYDRAULICS

If you have hydraulics installed on your car they are automatically enabled. Once you exceed 30 mph they are automatically disabled.

To pressurize:

1. Press and hold e-brake (R1 button).
2. Move the left analog stick to side you wish to extend.
3. Let go of the e-brake.

➟ To retract hydraulics repeat the above steps.

To bounce:

1. Double tap and hold the e-brake (R1 button).
2. Move and hold the left analog stick to the side you wish to bounce.
3. Let go of the e-brake.

➟ Centering the left analog stick shuts off the bouncing.

➟ You must have level 3 hydraulics to bounce.

GAME MODES

Take on the underground in a variety of Quick Race mode races, 2 player split-screen, or Career mode.

CAREER MODE

Rise to the top of the underground in Career mode.

➟ To start a game in Career mode, select CAREER in the Main menu then either create a new profile or load an existing profile.

EXPLORING

Want to make a name for yourself in the underground? You're going to have to find it first. In Career mode, the city is yours to discover. Explore it by driving around to get a feel for the lay of the land. As you cruise you'll encounter rival racers who you can challenge to an Outrun race. Keep your eyes and ears open for hints pointing you to the areas where you can find the hottest races or the coolest upgrades.

➟ If you perform a cool move while you cruise, such as impressive slides, you earn points. These fill up your Race Breaker meter if you have Nitrous Oxide installed. Do something uncool, like hit another driver, and points are deducted from your Race Breaker meter.

SHOWCASE MODE

As you win races and upgrade your car, you will receive messages telling you to proceed to locations where a photographer is waiting to take a picture of your suped-up ride. To set up the best shot you can pop your hood, trunk, or doors to better show off the goods.

➟ To open or close the doors, press the D-button or left analog stick ⬆.

➟ To open or close the hood, press the D-button or left analog stick ⬅.

➟ To open or close the trunk, press the D-button or left analog stick ➡.

SMS

Messages from other SMS users offer you details on races, car shops, challengers, and opportunities. If you find yourself needing some input in order to advance, check out your mail box. Clues can be found within the messages there.

➟ When you see the SMS icon appear on-screen, press the D-button ➡. The game pauses and your messages appear.

➟ To read a message, press the ⊗ button.

➟ To return to the game from the Inbox, press the △ button.

➟ To return to the game from the message screen, press the ⊗ button.

➟ To return to the Inbox from the message screen, press the △ button.

WORLD MAP

The world map offers a bird's-eye view of the entire city. Icons representing your car, opponents, and the locations of potential races and shops also appear here.

➟ To access the world map, press the D-button ⬅.

➟ To activate or deactivate the GPS, press the ⊗ button.

➟ To return to the game, press the △ button.

QUICK RACE MODE

Jump into the driver's seat and let the race begin.

To start a quick race:

1. Select QUICK RACE in the Main menu.
2. Choose between CIRCUIT, SPRINT, DRAG, DRIFT, STREET X, UNDERGROUND RACING LEAGUE, or FREE RUN modes.
3. Select a location for your race.
4. Adjust race options.
5. Select a vehicle.
6. Choose a MANUAL or AUTOMATIC transmission. The race begins.

CIRCUIT	A traditional lap-style course. Finish first and leave your competitors driving in circles.
SPRINT	Find out how fast you can get from point A to point B.
DRAG	A pedal-mashing, speed-shifting race to the finish line.
DRIFT	Break loose into a stylish drift and rack up the points.
STREET X	Lap-based racing on tight and technical closed circuits. Fight for first place whatever the cost.
UNDERGROUND RACING LEAGUE	Lap-based racing on dedicated racetracks.
FREE RUN	No competition. No time limit. No rules. The open road beckons.

2 PLAYER SPLIT-SCREEN

Race a friend and find out who can grab the checkered flag first.

To start a 2 Player Split-Screen race:

1. Select 2 PLAYER SPLIT-SCREEN in the Main menu.
2. Choose between a CIRCUIT, SPRINT, DRAG, DRIFT, STREET X, UNDERGROUND RACING LEAGUE, or OUTRUN race.
3. Select a location for your race.
4. Adjust race options.
5. Select a vehicle.
6. Choose a MANUAL or AUTOMATIC transmission. The race begins.

ONLINE

Take the challenge online and race the best drivers the Worldwide Underground has to offer.

➟ To begin, select ONLINE from the Main menu.

LIMITED 90-DAY WARRANTY

Electronic Arts Limited Warranty

Electronic Arts warrants to the original purchaser of this product that the recording medium on which the software program(s) are recorded (the "***Recording Medium***") and the documentation that is included with this product (the "***Manual***") are free from defects in materials and workmanship for a period of 90 days from the date of purchase. If the Recording Medium or the Manual is found to be defective within 90 days from the date of purchase, Electronic Arts agrees to replace the Recording Medium or Manual free of charge upon receipt of the Recording Medium or Manual at its service center, postage paid, with proof of purchase. This warranty is limited to the Recording Medium containing the software program and the Manual that were originally provided by Electronic Arts. This warranty shall not be applicable and shall be void if, in the judgment of Electronic Arts, the defect has arisen through abuse, mistreatment or neglect.

This limited warranty is in lieu of all other warranties, whether oral or written, express or implied, including any warranty of merchantability or fitness for a particular purpose, and no other representation of any nature shall be binding on or obligate Electronic Arts. If any such warranties are incapable of exclusion, then such warranties applicable to this product, including implied warranties of merchantability and fitness for a particular purpose, are limited to the 90-day period described above. In no event will Electronic Arts be liable for any special, incidental, or consequential damages resulting from possession, use or malfunction of this Electronic Arts product, including damage to property, and to the extent permitted by law, damages for personal injury, even if Electronic Arts has been advised of the possibility of such damages. Some states do not allow limitation as to how long an implied warranty lasts and/or exclusions or limitation of incidental or consequential damages so the above limitations and/or exclusion of liability may not apply to you. In such jurisdictions, the Electronic Arts' liability shall be limited to the fullest extent permitted by law. This warranty gives you specific rights. You may also have other rights that vary from state to state.

RETURNS WITHIN THE 90-DAY WARRANTY PERIOD

Please return the product along with (1) a copy of the original sales receipt showing the date of purchase, (2) a brief description of the difficulty you are experiencing, and (3) your name, address and phone number to the address below and Electronic Arts will mail a replacement Recording Medium and/or Manual to you. If the product was damaged through misuse or accident, this 90-day warranty is rendered void and you will need to follow the instructions for returns after the 90-day warranty period. We strongly recommend that you send your products using a traceable delivery method. Electronic Arts is not responsible for products not in its possession.
